

ART LOVERS ITINERARY

The only Ice Age cave art in the UK can be found at Creswell Crags. Some suggest that this makes our site the countries oldest art gallery.

The region is also well served with important collections from a variety of time periods. Our neighbours at the Harley Gallery (and Portland Collection) exhibit their nationally important collection as well as a series of exciting touring exhibitions.

Other galleries in the region include the Nottingham Contemporary (nominated for museum of the year 2019), Greaves Gallery, Nottingham Castle and Derby Museum.

Harley Gallery

Welbeck, Worksop, Nottinghamshire, S80 3LW
