

MUSEUMS & GALLERIES ITINERARY

Nottinghamshire and Derbyshire offer some truly unique museum experiences. At Creswell Crags our museum displays items discovered at the gorge. Some of the most important pieces found their way to the British Museum and Natural History Museum and have now been loaned back to us.

The region offers a wide range of museum experiences including the National Tramway Museum, National Civil War Centre, National Justice Museum and National Holocaust Centre & Museum. Whatever the weather our region has the perfect destination for exploration and discovery.

Crich Tramway Village
