

PREHISTORIC SITES ITINERARY

Creswell Crags is undoubtedly the essential starting point for a prehistoric tour of the region. We've been welcoming visitors for 50,000 years and boast the only Ice Age Cave Art in the UK.

Within an hours drive are the Nine Ladies and Arbor Low. These Derbyshire Peak District sites offer a fascinating insight into early societies.

Arbor Low is a neolithic henge monument. It is one of the best preserved stone circles in the UK.

Nearby, Nine Ladies is a Bronze Age stone circle which is a popular venue for Pagan worship.
